You should rely only on the information contained in this prospectus supplement, the accompanying prospectus, the documents incorporated by reference and any written communication from us or the underwriters specifying the final terms of this offering. We have not, and the underwriters have not, authorized anyone to provide you with information that is different. This prospectus supplement and the accompanying prospectus may only be used where it is legal to sell these securities. The information in this prospectus supplement and the accompanying prospectus may only be accurate as of their respective dates and the information in the incorporated documents is only accurate as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since the date of such information.

The distribution of this prospectus supplement and the accompanying prospectus and the offering of the common stock in certain jurisdictions may be restricted by law. **NON-GAAP FINANCIAL MEASURES**

This prospectus supplement presents certain “non-GAAP measures” as a supplement to LPLFH’s consolidated results presented in accordance with generally accepted accounting principles (“GAAP”), such as Gross Profit and Core G&A. Non-GAAP measures have limitations as analytical tools. They are not presentations made in accordance with GAAP, are not measures of financial condition or liquidity, and should not be considered as an alternative to profit or loss for the period determined in accordance with GAAP or operating cash flows determined in accordance with GAAP. Non-GAAP measures are not necessarily comparable to similarly titled measures used by other companies. As a result, you should not consider such performance measures in isolation from, or as a substitute analysis for, our results of operations as determined in accordance with GAAP. Definitions and reconciliations of certain non-GAAP measures to the most directly comparable GAAP measures are provided in “Summary—Summary Consolidated Financial and Other Data.”

### Recent Developments

On March 31, 2025, we announced that we had entered into the Commonwealth Agreement to acquire Commonwealth for a purchase price of approximately \$2.7 billion in cash, subject to certain customary adjustments as set forth in the Commonwealth Agreement. The transaction is expected to close in the second half of 2025 and is subject to regulatory approvals and other customary closing conditions. Commonwealth is an independently owned wealth management firm based in the U.S. It provides integrated business solutions and services for approximately 2,900 independent financial advisors in the U.S., managing approximately \$285 billion of brokerage and advisory assets as of December 31, 2024. As of December 31, 2024, Commonwealth’s asset mix is approximately 75% advisory and 25% brokerage, with client cash sweep balances of approximately \$6 billion.

The foregoing description of the Commonwealth Acquisition does not purport to be complete and is qualified in its entirety by reference to the definitive purchase agreement, which is included as an exhibit to our Current Report on Form 8-K filed with the Securities and Exchange Commission (the “SEC”) on March 31, 2025, certain items of which are incorporated by reference into this prospectus supplement. See “Information We Incorporate by Reference.” The definitive agreement has been incorporated by reference into this prospectus supplement solely to provide investors and security holders with information relating to its terms. It is not intended to be a source of financial, business or operational information about ourselves or Commonwealth. The representations, warranties and covenants contained in the definitive agreement are made only for the purposes of the definitive agreement and are made as of specific dates and are solely for the benefit of the parties to the definitive agreement. As to factual matters concerning ourselves or Commonwealth, you should not rely upon the representations and warranties in the definitive agreement.

We intend to use the net proceeds from this offering, available cash and available borrowings under the revolving credit facility provided for under the Credit Agreement (the “Revolving Credit Facility”), or other borrowings or debt financings, to fund the Commonwealth Acquisition. Subject to market conditions and other factors, we expect to raise additional amounts to fund the Commonwealth Acquisition in a public offering of Holdings’ senior notes. Any senior unsecured notes issued by Holdings will be fully and unconditionally guaranteed on a senior unsecured basis by us. See “Use of Proceeds.”

[Table of Contents](#)

This offering is not conditioned upon the completion of the Commonwealth Acquisition or any potential offering of Holdings' senior notes, and there can be no assurance that either any offering of Holdings' senior notes or the Commonwealth Acquisition will be completed. This prospectus supplement is not, and should not be construed as, an offer of any securities other than the shares of common stock offered hereby.

In connection with entering into the Commonwealth Acquisition, Holdings has obtained committed financing to fund a portion of the purchase price pursuant to a commitment letter (the "Commitment Letter") entered into on March 28, 2025, with Morgan Stanley Senior Funding, Inc., which provides commitments for a 364-day senior unsecured bridge loan facility (the "Bridge Facility") in an aggregate initial principal amount of \$2.6 billion, with such principal amount to be reduced by, among other things, the aggregate net cash proceeds received by LPLFH or any of its subsidiaries from certain debt or equity transactions, including this offering. Loans under the Bridge Facility, if any, will be guaranteed by LPLFH. The funding of the Bridge Facility is contingent on the satisfaction of customary conditions, including (i) execution and delivery of definitive documentation with respect to the Bridge Facility in accordance with the terms set forth in the Commitment Letter and (ii) consummation of the Commonwealth Acquisition.

Management uses these non-GAAP measures internally to evaluate operating performance and in formulating the budget for future periods. Management believes that the non-GAAP measures and metrics discussed below are appropriate for evaluating our performance.
- (2) Gross profit is a non-GAAP financial measure defined as total revenue less advisory and commission expense; brokerage, clearing and exchange expense; and market fluctuations on employee deferred compensation. All other expense categories, including depreciation and amortization of property and equipment and amortization of other intangibles, are considered by management to be general and administrative in nature. Because our gross profit amounts do not include any depreciation and amortization expense, we consider our gross profit amounts to be non-GAAP financial measures that may not be comparable to those of others in our industry. We believe that gross profit amounts can provide investors

- (3) Core G&A is a non-GAAP financial measure defined as total expense less the following expenses: advisory and commission; depreciation and amortization; interest expense on borrowings; brokerage, clearing and exchange; amortization of other intangibles; market fluctuations on employee deferred compensation; losses on extinguishment of debt; promotional (ongoing); employee share-based compensation; regulatory charges; and acquisition costs. Management presents Core G&A because it believes Core G&A reflects the corporate expense categories over which management can generally exercise a measure of control, compared with expense items over which management either cannot exercise control, such as advisory and commission expense, or which management views as promotional expense necessary to support advisor growth and retention, including conferences and transition assistance. Core G&A is not a measure of the Company's total expense as calculated in accordance with GAAP.

[Table of Contents](#)**RISK FACTORS**

*An investment in our common stock involves a high degree of risk. In addition to the other information in this prospectus supplement and the accompanying prospectus, prospective investors should carefully consider the following risks together with the other information contained and incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment in our common stock. The risks described below are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially and adversely affect our business and operations. If any of the following risks actually occur, our business, financial condition, operating results or growth prospects could be materially adversely affected, which could cause the trading price of our common stock to decline. In such a case, you may lose all or part of your original investment. We cannot assure you that any of the events discussed in the risk factors below will not occur. Along with the risks and uncertainties described below, you should carefully consider the risks and uncertainties described in the sections entitled "Forward-Looking Statements" in this prospectus supplement and in Item 1A under the heading "Risk Factors" in our 2024 Annual Report, which is incorporated by reference in this prospectus supplement.*

**Risks Related to our Common Stock and this Offering**

*We have broad discretion in the use of the net proceeds from this offering and may not use them effectively.*

Our management will have broad discretion in the application of the net proceeds from this offering and could spend the proceeds in ways that do not necessarily improve our results of operations or enhance the value of our common stock. This offering is not conditioned upon the completion of the Commonwealth Acquisition. If the Commonwealth Acquisition is not successfully completed, our management may apply the net proceeds from this offering for other general corporate purposes. Our failure to apply these funds effectively could have a material adverse effect on our business, financial condition, operating results and cash flow, and could cause the price of our common stock to decline.

*You could experience dilution if we issue additional equity securities in future fundraising transactions.*

We are generally not restricted from issuing additional common stock, including any securities that are convertible into or exchangeable for, or that represent the right to receive, common stock. If we issue additional common stock, or securities convertible into or exchangeable or exercisable for common stock following the expiration of the lock-up agreement we entered into with the underwriters as described in the section entitled "Underwriting" elsewhere in this prospectus supplement, our stockholders, including investors who purchase shares of common stock in this offering, could experience dilution, and any such issuances may result in downward pressure on the price of our common stock.

*If securities or industry press or analysts cease covering our common stock, publish negative research or reports about our business, or if they change their recommendations regarding our common stock adversely, the share price and trading volume of our common stock could decline.*

The trading market for shares of our common stock may be influenced by the articles, research and reports that industry or securities analysts and press publish about us or our business. If one or more of the analysts who cover us downgrade our common stock, or if industry press publishes negative articles about our company, the share price of our common stock would likely decline. If one or more of these analysts ceased coverage of our company or failed to regularly publish reports on us, we could lose visibility in the financial markets, which in turn could cause our share price or trading volume to decline.

[Table of Contents](#)**Risks Related to the Proposed Acquisition**

***There can be no assurance that the Commonwealth Acquisition will be completed or that we will realize the expected benefits of the Commonwealth Acquisition.***

Our ability to complete the Commonwealth Acquisition may also be negatively impacted by general market conditions, volatility in the capital and debt markets and the other risks described herein. Although we currently anticipate that the Commonwealth Acquisition, should it occur, will be accretive to earnings per share on an as adjusted earnings basis in the long-term, this expectation is based on assumptions about our business, the operations to be acquired and preliminary estimates, which may change materially. As a result, should the Commonwealth Acquisition occur, certain other amounts to be paid in connection with the Commonwealth Acquisition may cause dilution to our earnings per share or decrease or delay the expected accretive effect of the Commonwealth Acquisition and cause a decrease in the market price of our common stock. In addition, a change in one or more of these assumptions may result in a change in future earnings, which could be material.

***We may encounter onboarding or integration challenges, and the Commonwealth Acquisition may not perform as expected.***

We can provide no assurance that we will be able to successfully onboard Commonwealth's business, nor can we provide assurance that we will be able to successfully integrate the operations acquired in the Commonwealth Acquisition or achieve expected cost savings or synergies from such integration, that the acquired operations will perform as expected or that we will not incur unforeseen obligations or liabilities. We may experience difficulties or delays in onboarding Commonwealth financial advisors, staff or clients, and it is possible that our experience in running the operations acquired in the Commonwealth Acquisition will require us to adjust our expectations regarding the impact of the acquisition on our operating results. In addition, onboarding and integration efforts are anticipated to be complex and may divert management attention and resources, which could adversely affect our operating results.

***We have made certain assumptions relating to the Commonwealth Acquisition which may prove to be materially inaccurate.***

We have made certain assumptions relating to the Commonwealth Acquisition, which assumptions involve significant judgment and may not reflect the full range of uncertainties and unpredictable outcomes inherent in the Commonwealth Acquisition and may be materially inaccurate. These assumptions relate to numerous matters, including:

- our ability to realize the expected benefits of the Commonwealth Acquisition;
- the timing of and our expected closing of the Commonwealth Acquisition;
- the expected conversion of assets of the broker-dealer and investment advisor acquired in connection with the Commonwealth Acquisition;
- rates of asset and advisor retention;
- projections of future revenue, EBITDA and our earnings per share;
- our ability to maintain, develop and deepen relationships with financial advisors and employees associated with Commonwealth;
- our ability to retain and motivate key personnel who are critical to the operation of Commonwealth's business;
- our ability to issue debt or any other financing, or to generate and maintain needed cash from operations, to complete the Commonwealth Acquisition and the impact of such financing on our operating results or financial condition;
- projections of future expenses and expense allocation relating to the Commonwealth Acquisition;

---

**[Table of Contents](#)**

- unknown or contingent liabilities associated with the Commonwealth Acquisition;
- the amount of goodwill and intangibles that will result from the Commonwealth Acquisition;
- other purchase accounting adjustments that we may record in our financial statements in connection with the Commonwealth Acquisition;
- acquisition and integration costs, including restructuring charges and transaction costs; and
- other financial and strategic risks of the Commonwealth Acquisition.

***We are not required to and will not be providing historical financial statements of Commonwealth or pro forma financial statements reflecting the impact of the proposed Commonwealth Acquisition on our historical operating results.***

We are not required to provide historical financial statements of Commonwealth or pro forma financial statements reflecting the impact of the proposed Commonwealth Acquisition on our historical operating results under Regulation S-X. As a result, we do not expect to file a Current Report on Form 8-K with historical financial information for Commonwealth and pro forma financial statement information and we are not otherwise including such information in this prospectus supplement. As a result, investors will be required to determine whether to participate in this offering without the benefit of such historical financial information and pro forma financial statement information.

***We will incur significant transaction costs in connection with the proposed Commonwealth Acquisition.***

We have incurred and expect to incur a number of non-recurring costs associated with the proposed Commonwealth Acquisition, which could exceed the amounts currently estimated. These acquisition costs and expenses include financial advisory, legal, accounting, consulting and other advisory fees and expenses, filing fees and other related charges. Some of these costs are payable by us regardless of whether the proposed Commonwealth Acquisition is completed. In addition, the success of the Commonwealth Acquisition depends on our ability to onboard and integrate Commonwealth financial advisors, assets, personnel, processes, policies, procedures, operations, technologies and systems following its completion. While we have assumed that a certain level of expense will be incurred in connection with the proposed Commonwealth Acquisition, there are many factors beyond our control that could affect the total amount or the timing of the acquisition, onboarding and integration expense.

There may also be additional unanticipated significant costs in connection with the proposed Commonwealth Acquisition that we may not recoup. These costs and expenses could reduce the benefits and additional income we expect to achieve from the proposed Commonwealth Acquisition. Although we expect that these benefits will offset the transaction expenses and implementation costs over time, this net benefit may not be achieved in the near term or at all.

***We and Commonwealth may have difficulty attracting, motivating and retaining key financial advisors, employees and other personnel in light of the Commonwealth Acquisition.***

Commonwealth's success after the Commonwealth Acquisition will depend in part on its ability to attract, motivate and retain key financial advisors, employees and other personnel. Prior to and following the Commonwealth Acquisition, Commonwealth and we may lose key financial advisors, employees or other personnel, or may be unable to attract, retain and motivate qualified individuals, or the associated costs may increase. If Commonwealth cannot retain key financial advisors, employees or other personnel of Commonwealth because of uncertainty relating to the Commonwealth Acquisition, or if we cannot retain them because of the difficulty of onboarding or integration, or for any other reason, our ability to realize the anticipated benefits of the Commonwealth Acquisition could be reduced, and it may have an adverse impact on our operating results.

[Table of Contents](#)**USE OF PROCEEDS**

We estimate that the net proceeds to us from this offering will be approximately \$1,458.1 million (or approximately \$1,677.0 million if the underwriters exercise their option to purchase additional shares in full), in each case after deducting the underwriting discount and estimated offering expenses payable by us.

We intend to use the net proceeds from this offering to fund a portion of the cash consideration payable in connection with the Commonwealth Acquisition and, to the extent that any proceeds remain thereafter, or if the Commonwealth Acquisition is not completed, for general corporate purposes. On March 31, 2025, we announced that we had entered into the Commonwealth Agreement. The Commonwealth Acquisition is expected to close in the second half of 2025 and is subject to regulatory approvals and other closing conditions. In addition to the net proceeds from this offering, we expect to use available cash and available borrowings under the Revolving Credit Facility or other borrowings or debt financings to fund the Commonwealth Acquisition. Subject to market conditions and other factors, we expect to raise additional amounts to fund the Commonwealth Acquisition in a public offering of Holdings' senior notes. Any senior unsecured notes issued by Holdings will be fully and unconditionally guaranteed on a senior unsecured basis by LPLFH.

This offering is not conditioned upon the completion of the Commonwealth Acquisition or any potential offering of Holdings' senior notes, and there can be no assurance that either any offering of Holdings' senior notes or the Commonwealth Acquisition will be completed. This prospectus supplement is not, and should not be construed as, an offer of any securities other than the shares of common stock offered hereby.

[Table of Contents](#)**CERTAIN MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

The following discussion is a summary of certain U.S. federal income tax consequences applicable to the ownership and disposition of the shares of our common stock issued in this offering but does not purport to be a complete analysis of all potential U.S. federal income tax consequences. This summary is based on the U.S. Internal Revenue Code of 1986, as amended (the "Code"), U.S. Treasury regulations promulgated thereunder, Internal Revenue Service ("IRS") rulings and judicial decisions, each as in effect or in existence as of the date of this prospectus supplement. All of these are subject to change or different interpretations, possibly with retroactive effect, which may result in U.S. federal income tax consequences different from those summarized below. No ruling has been requested from the IRS regarding the considerations discussed in this summary, and there is no assurance that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax considerations discussed below.

This summary does not address all aspects of U.S. federal income taxation that may be relevant to particular investors in shares of our common stock in light of their specific circumstances or to investors that may be subject to special rules under U.S. federal income tax law, including:

- broker-dealers or traders in stocks, securities or currencies;
- securities traders that use a mark-to-market method of accounting;
- banks and other financial institutions;
- insurance companies;
- regulated investment companies;
- real estate investment trusts;
- controlled foreign corporations;
- passive foreign investment companies;
- tax-exempt entities;
- persons holding shares as part of a synthetic security, a straddle or a hedging, integrated, conversion or constructive sale transaction;
- persons who are subject to the expatriation provisions of the Code and former citizens or long-term residents of the United States;
- IRAs or other tax-deferred accounts;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;
- pass-through entities and arrangements classified as partnerships for U.S. federal tax purposes, or investors in such entities;
- U.S. Holders who hold shares through non-U.S. brokers or other non-U.S. intermediaries;
- persons required to accelerate the recognition of any item of income as a result of such income being included on an applicable financial statement; or
- holders subject to alternative minimum tax.

This summary also does not discuss alternative minimum tax consequences or the tax consequences arising under any state, local or non-U.S. law, or any U.S. federal tax consequences other than U.S. federal income tax consequences (such as estate or gift tax consequences or the 3.8% Medicare tax on certain investment income).

This discussion is limited to investors who purchase shares of our common stock for cash in this offering. Moreover, this discussion is limited to investors who purchase and hold shares of our common stock as "capital assets" within the meaning of Section 1221 of the Code.

## [Table of Contents](#)

For purposes of this summary, “U.S. Holder” means the beneficial owner of shares of our common stock that is, or that for U.S. federal income tax purposes is treated as:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized under the laws of the United States, any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust, if (i) a court within the United States is able to exercise primary supervision over the administration of such trust and one or more “U.S. persons” (within the meaning of the Code) have the authority to control all substantial decisions of the trust, or (ii) the trust has validly elected to be treated as a U.S. person for U.S. federal income tax purposes.

For purposes of this summary, the term “Non-U.S. Holder” means any beneficial owner of shares of our common stock that is, for U.S. federal income tax purposes, an individual, a corporation, a trust or an estate that is not a U.S. Holder.

If any entity or arrangement treated as a partnership for U.S. federal income tax purposes holds shares of our common stock, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership. If you are a partnership or a partner in a partnership, you should consult your own tax advisor as to the tax consequences of the partnership’s purchase, ownership and disposition of shares of our common stock.

THE FOLLOWING DISCUSSION IS INTENDED FOR INFORMATIONAL PURPOSES ONLY AND IS NOT A SUBSTITUTE FOR CAREFUL TAX PLANNING AND ADVICE. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH REGARD TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX CONSEQUENCES DESCRIBED BELOW TO THEIR PARTICULAR SITUATIONS, AS WELL AS THE APPLICATION OF ANY STATE, LOCAL, NON-U.S. OR OTHER U.S. FEDERAL TAX LAWS, INCLUDING GIFT AND ESTATE TAX LAWS AND THE MEDICARE TAX ON INVESTMENT INCOME.

### **Distributions on our Common Stock**

Distributions, if any, on shares of our common stock generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If a distribution exceeds our current and accumulated earnings and profits, the excess will be treated as a tax-free return of the non-U.S. holder’s investment, up to such non-U.S. holder’s tax basis in the shares of common stock. Any remaining excess will be treated as capital gain, subject to the tax treatment described below in “Gain on Sale or Other Taxable Disposition of our Shares of Common Stock.” Any such distributions will also be subject to the discussion below under the section titled “Withholding and Information Reporting Requirements—FATCA.”

Subject to the discussion in the following two paragraphs in this section, dividends paid to a non-U.S. holder generally will be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate specified by an applicable income tax treaty between the United States and such non-U.S. holder’s country of residence.

Dividends that are treated as effectively connected with a trade or business conducted by a non-U.S. holder within the United States and, if an applicable income tax treaty so provides, that are attributable to a permanent establishment or a fixed base maintained by the non-U.S. holder within the United States, are generally exempt from the 30% withholding tax if the non-U.S. holder satisfies applicable certification and disclosure requirements. However, such U.S. effectively connected income, net of specified deductions and credits, is taxed at the same graduated U.S. federal income tax rates applicable to United States persons (as defined in the Code).

---

## [Table of Contents](#)

Any U.S. effectively connected income received by a non-U.S. holder that is a corporation may also, under certain circumstances, be subject to an additional “branch profits tax” at a 30% rate or such lower rate as specified by an applicable income tax treaty between the United States and such non-U.S. holder’s country of residence.

A non-U.S. holder of shares of our common stock who claims the benefit of an applicable income tax treaty between the United States and such non-U.S. holder’s country of residence generally will be required to provide a properly executed IRS Form W-8BEN or W-8BEN-E (or a successor form) to the applicable withholding agent and satisfy applicable certification and other requirements. Non-U.S. holders are urged to consult their tax advisors regarding their entitlement to benefits under a relevant income tax treaty. A non-U.S. holder that is eligible for a reduced rate of U.S. withholding tax under an income tax treaty may obtain a refund or credit of any excess amounts withheld by timely filing an appropriate claim with the IRS.

### **Gain on Sale, Exchange or Other Taxable Disposition of Shares of our Common Stock**

Subject to the discussion below under “Withholding and Information Reporting Requirements—FATCA,” a non-U.S. holder generally will not be subject to any U.S. federal income tax on any gain realized upon such non-U.S. holder’s sale, exchange or other taxable disposition of shares of our common stock unless:

1. the gain is effectively connected with the non-U.S. holder’s conduct of a U.S. trade or business and, if an applicable income tax treaty so provides, is attributable to a permanent establishment or a fixed-base maintained by such non-U.S. holder in the United States, in which case the non-U.S. holder generally will be taxed on a net income basis at the graduated U.S. federal income tax rates applicable to United States persons (as defined in the Code) and, if the non-U.S. holder is a foreign corporation, the branch profits tax described above in “Distributions on our Common Stock” also may apply;
2. the non-U.S. holder is a nonresident alien individual who is present in the United States for a period or periods aggregating 183 days or more in the taxable year of the disposition and certain other conditions are met, in which case the non-U.S. holder will be subject to a 30% tax (or such lower rate as may be specified by an applicable income tax treaty between the United States and such non-U.S. holder’s country of residence) on the net gain derived from the disposition, which may be offset by certain U.S. source capital losses of the non-U.S. holder, if any (even though the individual is not considered a resident of the United States), provided that the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses; or
3. we are, or have been, at any time during the five-year period preceding such sale or other taxable disposition (or the non-U.S. holder’s holding period, if shorter) a “U.S. real property holding corporation,” unless our common stock is regularly traded on an established securities market, within the meaning of the relevant provisions of the Code, and the non-U.S. holder holds no more than 5% of our outstanding common stock, directly or indirectly, actually or constructively, during the shorter of the five-year period ending on the date of the disposition or the period that the non-U.S. holder held our common stock. Generally, a corporation is a “U.S. real property holding corporation” if the fair market value of its “U.S. real property interests” (as defined in the Code and applicable U.S. Treasury Regulations) equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests plus its other assets used or held for use in a trade or business. Although there can be no assurance, we do not believe that we are, or have been, a “U.S. real property holding corporation” for U.S. federal income tax purposes, or that we are likely to become one in the future. No assurance can be provided that our common stock will be regularly traded on an established securities market for purposes of the rules described above.

Non-U.S. holders should consult their tax advisors regarding potentially applicable income tax treaties that may provide for different rules.

---

[Table of Contents](#)**Backup Withholding and Information Reporting**

We must report annually to the IRS and to each non-U.S. holder the gross amount of the distributions on shares of our common stock paid to such non-U.S. holder and the tax withheld, if any, with respect to such distributions.

Non-U.S. holders may have to comply with specific certification procedures to establish that the holder is not a United States person (as defined in the Code) in order to avoid backup withholding at the applicable rate with respect to dividends on shares of our common stock. Generally, a non-U.S. holder will comply with such procedures if it provides a properly executed IRS Form W-8BEN or W-8BEN-E (or other applicable IRS Form W-8), or otherwise meets documentary evidence requirements for establishing that it is a non-U.S. holder, or otherwise establishes an exemption. Dividends paid to non-U.S. holders subject to withholding of U.S. federal income tax, as described above in “Distributions on our Common Stock,” generally will be exempt from U.S. backup withholding.

Information reporting and backup withholding will generally apply to the proceeds of a disposition of shares of our common stock by a non-U.S. holder effected by or through the U.S. office of any broker, U.S. or non-U.S., unless the holder certifies its status as a non-U.S. holder and satisfies certain other requirements, or otherwise establishes an exemption. Generally, information reporting and backup withholding will not apply to a payment of disposition proceeds to a non-U.S. holder where the transaction is effected outside the United States through a non-U.S. office of a broker. However, for information reporting purposes, dispositions effected through a non-U.S. office of a broker with substantial U.S. ownership or operations generally will be treated in a manner similar to dispositions effected through a U.S. office of a broker. Non-U.S. holders should consult their tax advisors regarding the application of the information reporting and backup withholding rules to them. Copies of information returns may be made available to the tax authorities of the country in which the non-U.S. holder resides or is incorporated under the provisions of a specific treaty or agreement. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder may be refunded or credited against the non-U.S. holder’s U.S. federal income tax liability, if any, provided that an appropriate claim is filed with the IRS in a timely manner.

**Withholding and Information Reporting Requirements—FATCA**

The Foreign Account Tax Compliance Act (“FATCA”) generally imposes a U.S. federal withholding tax at a rate of 30% on payments of dividends on our common stock paid to a foreign entity unless (i) if the foreign entity is a “foreign financial institution,” such foreign entity undertakes certain due diligence, reporting, withholding, and certification obligations, (ii) if the foreign entity is not a “foreign financial institution,” such foreign entity identifies certain of its U.S. investors, if any, or (iii) the foreign entity is otherwise exempt under FATCA. Such withholding may also apply to payments of gross proceeds of sales or other dispositions of shares of our common stock, although under proposed U.S. Treasury regulations (the preamble to which specifies that taxpayers, including withholding agents, are generally permitted to rely on them pending finalization), no withholding will apply to payments of gross proceeds. Under certain circumstances, a non-U.S. holder may be eligible for refunds or credits of this withholding tax. An intergovernmental agreement between the United States and an applicable foreign country may modify the requirements described in this paragraph. Non-U.S. holders should consult their tax advisors regarding the possible implications of this legislation on their investment in our common stock and the entities through which they hold our shares of common stock, including, without limitation, the process and deadlines for meeting the applicable requirements to prevent the imposition of the 30% withholding tax under FATCA.

Any shares sold by the underwriters to dealers may be sold at discount of up to \$5.28 per share from the public offering price. After the initial offering, the public offering price or any other term of this offering may be changed. The offering of the shares by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

We estimate that the total expenses of this offering, excluding the underwriting discount, will be approximately \$604,598.

### **Price Stabilization and Short Positions**

In connection with this offering, the underwriters may purchase and sell common stock in the open market. These transactions may include over-allotment, stabilizing transactions and covering transactions. Over-allotment involves sales in excess of the shares the underwriters are obligated to purchase, which creates a short position for the underwriter. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Covering transactions involve purchases of the common stock in the open market after the distribution has been completed in order to cover short positions. These transactions may be effected in the over-the-counter market or otherwise. The underwriters are not required to engage in these activities and may end any of these activities at any time.

These activities may stabilize, maintain or otherwise affect the market price of the common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. Neither the underwriters nor we make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the common stock. In addition, there is no obligation on the part of the underwriters to engage in such transactions and neither the underwriters nor we make any representation that any underwriter will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

[Table of Contents](#)**Other Relationships**

The underwriters and certain of their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, lending, financing and brokerage activities. The underwriters and certain of their affiliates have, from time to time, performed, and may in the future perform, various commercial and investment banking and financial advisor services for LPLFH, Holdings and their respective affiliates, for which they received or may in the future receive customary fees and expenses. In addition, Morgan Stanley Senior Funding, Inc., an affiliate of Morgan Stanley & Co. LLC, committed to provide the Bridge Facility in connection with the Commonwealth Acquisition, for which such affiliate will be paid customary fees. The commitments in respect of the Bridge Facility will be reduced on a dollar-for-dollar basis by the net proceeds of this offering. In addition, Morgan Stanley & Co. LLC acted as exclusive financial advisor to Holdings in connection with the Commonwealth Acquisition, and Goldman Sachs & Co. LLC acted as exclusive financial advisor to Commonwealth in connection with the Commonwealth Acquisition.

In the ordinary course of their various business activities, the underwriters and certain of their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of LPLFH or its affiliates. If the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain of the underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, the underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities or the securities of our affiliates, including potentially the common stock offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the common stock offered hereby. The underwriters and certain of their affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Associated Investment Services, Inc. (AIS), a Financial Industry Regulatory Authority member, an indirect, wholly owned subsidiary of Associated Banc-Corp, is being paid a referral fee by Samuel A. Ramirez & Company, Inc.

Additional information on the use of net proceeds we receive from the sale of securities covered by this prospectus may be set forth in the prospectus supplement relating to the specific offering.

### **DESCRIPTION OF THE DEBT SECURITIES AND GUARANTEES**

LPL Holdings, Inc. may offer non-convertible debt securities, which may be senior debt securities or subordinated debt securities. The debt securities will be wholly and unconditionally guaranteed by LPL Financial Holdings Inc., its direct parent. The debt securities issued by LPL Holdings, Inc. will be issued under one or more indentures, each to be entered into by LPL Holdings, Inc., LPL Financial Holdings Inc., as guarantor, a trustee, registrar, paying agent and transfer agent and/or a collateral agent, as applicable. We have included a copy of the form of indenture as an exhibit to this Registration Statement. The indenture will be subject to and governed by the terms of the Trust Indenture Act.

### **DESCRIPTION OF COMMON STOCK**

*References to the "Company," "us," "we" or "our" in this section mean LPL Financial Holdings Inc. and do not include the subsidiaries of LPL Financial Holdings Inc.*

The following summary of the terms of our common stock does not purport to be complete. You should refer to our Amended and Restated Certificate of Incorporation (our "Certificate") and our Seventh Amended and Restated Bylaws (our "Bylaws"), both of which are on file with the SEC as exhibits to previous filings. The summary below is also qualified by provisions of applicable law.

#### **General**

Under our Certificate, we have authority to issue up to 600,000,000 shares of common stock, par value \$0.001 per share. Our common stock is registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and is listed on the Nasdaq Global Select Market under the symbol "LPLA". As of February 26, 2025, we had 74,679,757 shares of common stock outstanding, held by 789 record holders.

---

## [Table of Contents](#)

Holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of stockholders and do not have cumulative voting rights. Our Bylaws provide that a nominee for director will be elected if the number of votes properly cast “for” such nominee’s election exceeds the number of votes properly cast “against” such nominee’s election; however, if the number of persons properly nominated for election to our board of directors (the “Board of Directors”) exceeds the number of directors to be elected, the directors will be elected by the plurality of the votes properly cast. Holders of common stock are entitled to receive proportionately any dividends as may be declared by our Board of Directors, subject to any preferential dividend rights of any series of preferred stock that is outstanding at the time of the dividend.

In the event of our liquidation or dissolution, the holders of common stock are entitled to receive proportionately our net assets available for distribution to stockholders after payment of all debts and other liabilities and subject to the prior rights of any outstanding preferred stock.

All shares of common stock will, when issued, be duly authorized, fully paid and nonassessable. The rights, preferences and privileges of holders of common stock are subject to the rights of the holders of shares of any series of preferred stock that the Company may designate and issue in the future.

### **Anti-takeover Effects of the Delaware General Corporation Law and Our Certificate of Incorporation and Bylaws**

Our Certificate and our Bylaws contain certain provisions that may discourage, delay or prevent a change in our management or control over us. We expect that these provisions, which are summarized below, will discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with the Board of Directors, which we believe may result in an improvement of the terms of any such acquisition in favor of our stockholders. However, they may also discourage acquisitions that some stockholders may favor.

### **Action by Written Consent**

The Delaware General Corporation Law (“DGCL”) provides that, unless otherwise stated in a corporation’s certificate of incorporation, the stockholders may act by written consent without a meeting. Our Certificate provides that any action required or permitted to be taken by our stockholders may only be taken at a duly called annual or special meeting of stockholders, and not by written consent without a meeting.

### **Special Meeting of Stockholders**

Our Certificate and Bylaws provide that, subject to any special rights of the holders of any series of preferred stock and to the requirements of applicable law, special meetings of our stockholders can only be called by (a) our chair or vice chair of the Board of Directors, (b) our chief executive officer or (c) a majority of the Board of Directors through a special resolution.

### **Advance Notice Requirements for Stockholder Proposals**

Our Bylaws set forth advance notice procedures for stockholder proposals to be brought before an annual meeting of the stockholders, including the nomination of directors. Stockholders at an annual meeting may only consider the proposals specified in the notice of meeting, brought before the meeting by or at the direction of the Board of Directors or brought by a stockholder of record who is entitled to vote at the meeting and who has delivered a timely written notice in proper form (in accordance with both our Bylaws and applicable law) to our secretary of the stockholder’s intention to bring such business before the meeting. These provisions could have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed or delaying until the next stockholder meeting stockholder actions that are favored by the holders of a majority of our outstanding voting securities.

---

[Table of Contents](#)**Proxy Access**

Our Bylaws provide that a stockholder (or a group of up to 20 stockholders) who has held at least 3% of our common stock for three years or more may nominate a specified number of directors and have those nominees included in our proxy materials, provided that the stockholder and nominees satisfy the requirements specified in our Bylaws. The maximum number of stockholder nominees permitted under these provisions is the greater of two or 20% of the number of directors in office. Any stockholder who intends to use these procedures to nominate a candidate for election to the Board of Directors for inclusion in our proxy statement must satisfy the requirements specified in our Bylaws.

**Requirements for Removal and Interim Election of Directors**

Subject to the special rights of the holders of any series of preferred stock to elect directors, holders of at least two-thirds of the shares entitled to vote at an election of the directors must approve the removal of directors. Vacancies and newly-created directorships will be filled only by a vote of a majority of the directors then in office, even though less than a quorum, and not by the stockholders. In addition, the Certificate provides that any vacancy created by the removal of a director by the stockholders shall only be filled by, in addition to any other vote otherwise required by law, the affirmative vote of a majority of the outstanding shares of common stock. Our Bylaws allow the presiding officer at a meeting of the stockholders to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed.

These provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of our company.

**Amendment to Certificate of Incorporation and Bylaws**

The DGCL provides generally that the affirmative vote of a majority of the outstanding stock entitled to vote on amendments to a corporation's certificate of incorporation or bylaws is required to approve such amendment, unless a corporation's certificate of incorporation or bylaws, as the case may be, requires a greater percentage. Our Bylaws may be amended or repealed by a majority vote of our Board of Directors or, in addition to any other vote otherwise required by law, the affirmative vote of at least two-thirds of the voting power of our outstanding shares of common stock. Additionally, the affirmative vote of at least two-thirds of the voting power of the outstanding shares of common stock is required to alter, amend or repeal, or to adopt any provision inconsistent with, the "Board of Directors," "No Action by Written Consent," "Special Meetings of Stockholders," "Amendments to the Amended and Restated Certificate of Incorporation and Bylaws" and "Business Combinations" provisions described in our Certificate. These provisions may have the effect of deferring, delaying or discouraging the removal of any anti-takeover defenses provided for in our Certificate and our Bylaws.

**Exclusive Jurisdiction of Certain Actions**

Our Certificate requires, to the fullest extent permitted by law, that derivative actions brought in the name of the Company, actions against directors, officers and employees for breach of fiduciary duty and other similar actions may be brought only in the Court of Chancery of the State of Delaware. Although we believe this provision benefits the Company by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our directors and officers.

**Authorized but Unissued Shares**

The authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval, subject to any limitations imposed by the listing standards of the Nasdaq Global

Select Market. These additional shares may be used for a variety of corporate finance transactions, acquisitions and employee benefit plans. The existence of authorized but unissued common stock and preferred stock could make more difficult, or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

### **Business Combinations**

We have elected to not be subject to Section 203 of the DGCL, which regulates business combinations with “interested stockholders.”

### **Transfer Agent and Registrar**

The transfer agent and registrar for our common stock is Computershare Inc.

## **PLAN OF DISTRIBUTION**

We may sell securities in any of the ways described below or in any combination:

- to or through underwriters or dealers;
- through one or more agents; or
- directly to purchasers or to a single purchaser.

The distribution of the securities by us may be effected from time to time in one or more transactions:

- at a fixed price, or prices, which may be changed from time to time;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Each prospectus supplement will describe the method of distribution of the securities and any applicable restrictions.

The prospectus supplement will describe the terms of the offering of the securities, including the following:

- the name or names of any underwriters, dealers or agents and the amounts of securities underwritten or purchased by each of them; and
- the public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to dealers.

Only the agents or underwriters named in each prospectus supplement are agents or underwriters in connection with the securities being offered thereby.

We may authorize underwriters, dealers or other persons acting as our agents to solicit offers by certain institutions to purchase securities from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in each applicable prospectus supplement. Each contract will be for an amount not less than, and the aggregate amount of securities sold pursuant to such contracts shall not be less nor more than, the respective amounts stated in each applicable prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but shall in all cases be

---

subject to our approval. Delayed delivery contracts will be subject only to those conditions set forth in each applicable prospectus supplement, and each prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Agents, underwriters and other third parties described above may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution from us with respect to payments which the agents, underwriters or third parties may be required to make in respect thereof. Agents, underwriters and such other third parties may be customers of, engage in transactions with or perform services for us in the ordinary course of business. We may also use underwriters or such other third parties with whom we have a material relationship. We will describe the nature of any such relationship in the applicable prospectus supplement.

Certain underwriters may use this prospectus and any accompanying prospectus supplement for offers and sales related to market-making transactions in the securities. These underwriters may act as principal or agent in these transactions, and the sales will be made at prices related to prevailing market prices at the time of sale. Any underwriters involved in the sale of the securities may qualify as “underwriters” within the meaning of Section 2(a)(11) of the Securities Act. In addition, the underwriters’ commissions, discounts or concessions may qualify as underwriters’ compensation under the Securities Act and the rules of the Financial Industry Regulatory Authority.

Our common stock is listed on the Nasdaq Global Select Market. Underwriters may make a market in our common stock, but will not be obligated to do so and may discontinue any market making at any time without notice. We can make no assurance as to the development, maintenance or liquidity of any trading market for the securities.

Certain persons participating in an offering may engage in overallotment, stabilizing transactions, short covering transactions and penalty bids in accordance with rules and regulations under the Exchange Act. Overallotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.
